

Научная программа

VI Международного зимнего симпозиума по экспериментальным исследованиям языка и речи

«The Night Whites Language Workshop»

15.12.2022

- 9:00 – 9:50 Регистрация участников и размещение постерных докладов
- 9:50 – 10.00 Вступительное слово Председателя Программного комитета Т.В. Черниговской
- 10:00 – 11:00 Пленарная лекция А.А. Кибрика (Институт языкознания РАН, Россия) «Pro-pluralism in experimental linguistics. To the memory of Russell Tomlin»
- 11:00 – 11:15 Кофе-брейк
- 11:15 – 13:20 Заседание № 1: 5 докладов по 25 минут
- Galperina E.I., Kruchinina O.V., Kornev A.N. “ERP correlates of syllables reading in children aged 8–10 years in dyslexia”
- Gerasimova A. “Agreement variation in Russian binominal clauses: the role of inversion and prosody”
- Gomozova M., Lopukhina A., Lezzhova V., Dragoy O. “Towards the continuum model of language disorder in children”
- Chernova D., Maximova P. “Orthographic representation of words in the mental lexicon: exposure to print affects performance in spelling recognition task”
- Belova D. “Splitting of complex prepositional phrases in Russian: experimental approach”
- 13:20 – 14:35 Перерыв
- 14:35 – 16:15 Заседание № 2: 4 доклада по 25 минут
- Vrubel D.D. “Matching features of conjuncts increase acceptability: is this syncretism effect?”
- Ivanenko A., Slioussar N., Vyrenkova A. “The assessment of the slider tool for measuring affective norms of Russian nouns”
- Kiose M., Makeev S., Rzheshhevskaya A., Izmalkova A. “Exploring gaze as modulated by text event semantics in the pilot corpus MultiCorText”
- Izmalkova A. “Cognitive strategies of L2 vocabulary learning out of context: an eye tracking study”
- 16:15 – 16:30 Кофе-брейк

16:30 – 17:30 Пленарная лекция Н.А. Слюсарь (СПбГУ и НИУ ВШЭ, Москва, Россия) «Attractions of agreement: what three decades of experiments have taught us»

17:30 – 18:50 Постерная секция №1

1. Maksimova M., Vasilieva P., Evdokimova V., Kleimenova I., Kondratenko K., Mankevich D. “Spectral and temporal characteristics of whispered speech”
2. Skrelin P., Kochetkova U., Evdokimova V., Kachkovskaia T., Vasilieva P. “Interaction of Prosodic and Paralinguistic Cues of Irony Expression in Russian”
3. Konovalova A., Petrova T. “Reading advertising posters with deliberate ambiguity”
4. Norkina M., Alexeeva S., Chernova D., Kharchevnik M. “Lexical access in L1 and L2 reading: an eye-tracking study”
5. Polferova T., Chernova D. “Coherent text processing: the role of individual differences in print exposure (an eye-tracking study)”
6. Vasilyeva M.J., Artemenko E.D., Knyazeva V.M., Voskresenskaia V.A., Aleksandrov A.A., Shtyrov Y.Y. “Single-shot semantic mapping in the developing brain: the input of articulation into novel word learning”
7. Chinyaeva P., Rafailova P. “Role of colors in understanding Russian mentality: evidence from association experiments”
8. Ananeva A., Gineva D., Evdokimova V., Kuriakova S., Pikasov A. “Phonetic changes in speech in various physical states”
9. Ledneva T., Shtyrov Y., Myachykov A. “Linguistic cues in affordance-aesthetics interaction”
10. Moroshkina N.V., Savina A.I., Ammalainen A.V., Gershkovich V.A., Lvova O.V., Pavliuchik E.I. “Connecting Aha!-experience with subjective difficulty in solving polycode rebus puzzles”
11. Vasileva A., Chepalova M. “Experience in conducting an associative experiment in a Chinese audience”
12. Oganov S.R., Kornev A.N. “Repeated readings in written text comprehension: eye-tracking study in dyslexics aged 9-12”
13. Alexeeva S. “Letter processing in Finnish: Does orthography matter?”
14. Antropova D., Chernova D., Slioussar N. “Detecting case and number agreement errors in participial modifiers: an experimental study on Russian”
15. Petrova T., Ivanov M. “Oral or Silent Reading: what is better for sight translation? Evidence from eye-tracking”
16. Shirokova P., Izmalkova A., Myachikov A. “Eye movement correlates of working memory in reading: current status and research perspectives”

16.12.2022

10:00 – 11:00 Пленарная лекция А.В. Мячикова (Нортумбрийский университет, Великобритания, и НИУ ВШЭ, Москва, Россия) «Sentence production from perception to speaking»

11:00 – 11:15 Кофе-брейк

11:15 – 13:20 Заседание № 3: 5 докладов по 25 минут

Kruchinina O.V., Galperina E.I. “Brain mechanisms for the acquisition of thematic roles assignment in passive sentences”

Ryabinin K., Guseva K., Erofeeva E. “Perception study of multimodal information in virtual reality leveraged by eye tracking and visual analytics”

Stepanova V. “ScreeLing test: adaptation and standardisation for Russian”

Studenikina K. “Parametrizing number variation: evidence from Russian noun phrases with coordinated modifiers”

Chuprinko K., Magomedova V., Slioussar N. “Phonology and semantics in morphological processing: gender agreement with indeclinable nouns in Russian”

13:20 – 14:35 Перерыв

14:35 – 16:15 Заседание № 4: 4 доклада по 25 минут

Kireev M., Korotkov A., Gershkovich V., Moroshkina N., Slioussar N., Allakhverdov V., Chernigovskaya T. “Hippocampal inhibition as a possible brain mechanism for suppression of non-selected solutions in ambiguity resolution”

Sizova O. “Features of the formation of pronunciation as a marker of speech disorders mechanism”

Shcheglova E., Bolgina T., Iskra E., Dragoy O. “Voxel-based morphometry in children with dyslexia and healthy controls: a comparison of pipelines”

Terekhina L., Gallo F., Myachykov A. “The three-way relationship among sleep quality, bilingualism and cognition”

16:15 – 16:30 Кофе-брейк

16:30 – 17:30 Пленарная лекция Ю.Ю. Штырова (Орхусский университет, Дания, СПбГУ и НИУ ВШЭ, Москва, Россия) «Neurocognitive systems for verbal learning»

17:30 – 18:50 Постерная секция №2

1. Dolgoarshinnaia A., Martín-Luengo B. “Do Intermediate and Advanced bilinguals differ in self-other source monitoring?”
2. Puchkova E., Korobenkova I., Shustova A., Levchenko Y., Gabidulina I. “Diachronic change of the associative norm: evidence from Russian”
3. Razumnov A. S., Chernova D. A. “Absorption questionnaires as a tool to assess literary text processing”
4. Mazurina A. S., Gorbacheva A.V., Varlamov A. A. “Appropriateness of interpersonal touch in Russian culture: the effects of communication context and morphological properties of a touch gesture”

5. Nasyrova E., Riekhakaynen E., Skorobagatko L., Zubov V. "To speak or to read: second edition"
6. Anisimov A. "What makes Russian words funny"
7. Lundina D., Kruchinina O., Galperina E. "Eye-tracking evaluation of strategies for analyzing and reanalyzing grammatical markers of thematic roles in a sentence"
8. Kochneva M.M. "Processing of high- and low-frequency Russian binomials"
9. Pasko L.I. "Against ATB-analysis of partial predicative agreement in Russian: an experimental study"
10. Martynenko S. "Nods and their functions in Russian and Korean dialogues"
11. Eremina N. S., Stepanov V. N. "Literary translation in the reception of primary and secondary linguistic personality"
12. Pavlovskaya I., Bogevolnov V., Lan H. "Linguo-physiological correlates of breath groups in English and Chinese"
13. Makarov Y. "Palatographic Study of Shughni Coronals"
14. Vilenchik E., Slioussar N. "Different Types of Orthographic Manipulations When Identifying Errors in Russian Words"
15. Eysmont P., Acquisition of secondary narrative skills: the case of visual stimulus
16. Evdokimova A.A., Features of data markup for a database of accentuated Byzantine inscriptions

18:50 – 19:00 **Заккрытие конференции**
